### Material Information

These items are made from stainless steel with an external PVD coating. PVD is a durable coating. Stainless steel is a resilient material but care should be taken to ensure it remains looking good.

### Cleaning & Maintenance

- Finger prints can be removed with a microfiber cloth.
- General cleaning can be achieved by using warm water and a pH-neutral washing up liquid.
- Rub dry with a lint-free cloth in the direction of the finish to prevent stains from forming.

### Caution

DO NOT use spirits, turpentine, bleach, caustic or aggressive cleaning agents.  
DO NOT use abrasive sponges, hard brushes or steel wool.

The surface finish of the product may otherwise be permanently damaged.
