Material Information

These products are made from solid timbers with a mineral oil finish.

Cleaning & Maintenance

Timber products are NOT suitable for dishwasher cleaning. Craster recommends cleaning with a non-abrasive cloth using a mild detergent. Ensure all detergent is removed with damp cloth and dry thoroughly with a soft towel to prevent water spots. Leave to fully dry in a rack with the end grain exposed until fully dry.

We recommend regularly re-oiling the surface with Craster Mineral Oil to protect the natural timber.

Caution

DO NOT clean in the dishwasher.

DO NOT leave to soak in water.

DO NOT use under heat lamps.

DO NOT use on hot plate.

Strong coloured foods may stain oiled wood - use greaseproof paper for protection.
