Cleaning & Maintenance

This product can be washed and sterilised in a commercial dishwasher. Take care not to allow metal or ceramic items to touch the product during the cleaning process.

To best maintain optical clarity and avoid scratching / tarnishing. Use only plastic or wood serving utensils. Clean with a non-abrasive cloth using mild detergent

Caution

- DO NOT allow the product to be heated above 100°C
- DO NOT position warming lamps within 25cm of product
- DO NOT use abrasive cleaning products or cloths as the material will scratch
- DO NOT use with warm foods or under Heat Lamps
