Product Name	Tilt Glass Jars (Smoke)
Codes	BU_GJ101, BU_GJ102
COO	China
Material	Blown Crystalline Glass
Product End Use	Food Presentation
Declaration of Compliance	These products meet the requirements of BS 6748:1986+A1:2011 and EC Regulation no. 1935/2004.
Revision Date	19/10/2026

BU_GJ102

BU_GJ101

Material Information

These items are manufactured from blown crystalline glass.

Cleaning & Maintenance

Craster recommends cleaning the glass with a non-abrasive cloth using a mild detergent. Ensure all detergent is removed with damp cloth and dry thoroughly with a soft towel to prevent water spots.

These products are also suitable for dishwasher cleaning. We recommend a gentle wash up to 40°C (104°F). Following the primary cycle, finish with a rinse cycle to reduce the build up of detergent as if left, this can form a film on the glass.

Caution

Handle with care to prevent impact damage
DO NOT use abrasive scourers or harsh cleaning pads as these may permanently scratch the glass.
DO NOT use with hot liquids and AVOID extreme thermal shock (sudden temperature changes)
