Product Name	Tilt Bone China Coupe Bowls
Codes	BW_BC001, BW_BC002, BW_BC003, BW_BC004
COO	India
Material	Fine Bone China
Finish	Glazed (Gloss)
Product End Use	Food Presentation
Declaration of Compliance	This product meets the requirements of BS 6748: 1986
Revision Date	09/01/2025

Material Information

The Tilt Coupe Bowls are made from fine bone china with a food safe, gloss glaze finish.

Cleaning & Maintenance

Craster recommends cleaning these bowls with a non-abrasive cloth using a mild detergent. Ensure all detergent is removed with damp cloth and dry thoroughly with a soft towel to prevent water spots.

These products are also suitable for dishwasher cleaning. We recommend a gentle wash up to 40°C (104°F). Following the primary cycle, finish with a rinse cycle to reduce the build of detergent as if left, this can form a film on the bone china.

If stacking, use protective padding (such as felt or soft liners) between bowls to prevent scratches and chips.

Caution

DO NOT use abrasive scourers on this product as they may damage the glazed finish.
 DO NOT store in direct sunlight to avoid discolouration and material degradation.
 AVOID exposing bowls to sudden changes in temperature; this can cause the bowl to crack.
