Declaration of Compliance	The assembled shelving unit meets the requirements of BS EN 16121: 2013 +A1: 2017 Level 1
Revision Date	05/08/2024

Material Information

This item is made from mild steel with a powdercoated finish.

Cleaning & Maintenance

Clean with a non-abrasive cloth using a mild detergent.

Clean with damp cloth to remove all detergent.

Dry by wiping off excess water with a towel, and dry thoroughly.

Small scratches can be touched up with Craster touch up pens.

We recommend periodically checking that all fixings and castors are tightened on a 3 monthly basis. Refer to assembly instructions.

Caution

Do NOT use abrasive scourers or solvents as this will damage the powdercoat.
