<b>COO</b>	Czech Republic
<b>Material and Finish</b>	Frame: Mild steel, black powdercoat Shelves: Solid and Veneered walnut, lacquered finish
<b>Product End Use</b>	Display Trolley
<b>Revision Date</b>	13/04/2022

### Material Information

This item is made from mild steel with a powdercoated finish. The top and shelves are made from solid and veneered oak with a lacquered finish.

### Cleaning

Frame: Epoxy powdercoat is a durable finish, which requires gentle cleaning to maintain. Carefully remove any loose surface deposits with a wet sponge. Use a soft cloth(non abrasive) neutral detergent diluted in warm water (DO NOT use solvents). Ensure you thoroughly wipe the surfaces with clean fresh water after cleaning to remove all residues.

Top / Shelves: Clean with a non-abrasive cloth using a mild detergent. Clean with damp cloth to remove all detergent. Dry by wiping off excess water with a towel, and dry thoroughly.

Castors: No oiling is required. Check fastening bolt is correctly tightened every 3 months

### Maintenance

Frame: We recommend periodically checking that all elements of this flatpack product are tightened on a 3 monthly basis. Refer to assembly instructions.

Top / Shelves: As these products are made from natural timber and lacquer they can become scratched or damaged. Small scratches can be touched up with our touch up pens (please order via your sales rep) or commercially available touch up pens. The tops and shelves are reversible should they become damaged, please refer to assembly instructions.

### Caution

We recommend checking all fixings are secure as this product is supplier flat pack on a quarterly basis.
